# CS Disposable Lateral Head Support

Made from durable polyurethane foam and equipped with a convenient Velcro fastening, this leg holder is specifically designed to secure and stabilise the leg, providing reliable support and steadiness.

- + Recommended for adults, but use will depend on patient's stature
- + Supports patient's head in the lateral position
- + Can be used for patients who are in the prone or lateral position
- + Reduces the incidence of pressure ulcers and marking
- + Patient can be repositioned without disconnecting their tubing, so PEEP pressure is maintained
- + Soft polyurethane foam
- + Single-use to aid infection control
