EC REP

- 1** Place the supports on the frame so that the brackets are over the bars

- 2** Snap the locking clip shut to secure the support in position

- 3** To adjust the position of the supports, release the clip(s), raise the patient's chest or hips, slide the supports to the correct position, lock the clip(s)

For male patients, the chest support should be positioned directly under the nipples.

For female patients, move the chest support towards the head to allow easier positioning of the breast.

These products will support a patient weight of up to 250kg. Do not exceed the weight capacity of the operating table.
