Product Code: CSM-2632 Rev 06 08/21

Head-to-Toe Check list

This check should be completed once the patient is in the prone position and before the surgical drapes are applied. At all stages, check that no tubing is trapped between the patient and the supports, and that all bony protrusions are padded.

The head

- + Eyes lightly taped, no padding or goggles
- + Face supported on the cheeks and forehead
- + No pressure on the nerves around the eyes
- + No pressure or minimal pressure on the chin

Neck

- + Chin and throat not touching the chest support
- + Natural neutral neckline

Chest, abdomen and pelvis

- + ECG electrodes positioned on the patient's back
- + Breasts positioned medially with minimum pressure
- + Adequate space to avoid compression of the abdomen
- + Male genitalia free of the pelvic support

The arms

- + Arms forward and not abducted beyond 90°, or arms secure by the patient's side
- + No pressure on the axillary nerve
- + No body weight supported on the arms

Description

- + Shin supports made from polyurethane foam with a wipeable skin covering

Intended use

- + Supports patients' lower legs in the prone position

Indications for Use

- + Support the patient's shins in the prone position and allows their ankles/feet to find their own position
- + Reduce the risk of pressure ulcers
- + Latex and phthalate free
- + Reusable: Clean using non-alcohol hospital wipes
- + Number of uses: Unrestricted, subject to damage (see damage indicators in the Contraindications column)
- + Instructions for use are packaged with the product

Warnings, Precautions, Contraindications & Adverse Effects

- + Incorrect positioning of the patient on this product could result in the patient experiencing:
 - + Pressure ulcers
 - + Neurological damage, which can lead to temporary or permanent paralysis
 - + Venous pressure, which can lead to ischaemia
- + Examine the product for damage before and after each use. If the skin is pierced or torn, it cannot be cleaned effectively and should be replaced
- + Do not immerse in water
- + Do not autoclave

Packaging

- + Each Unit is packaged in a recyclable polyethene bag
- + 1 pair is packaged into a cardboard box for sale

Transport & Storage

- + Transport and store in dry conditions and out of direct light where possible
- + Avoid storing where sharp objects could pierce the skin of the product
