# CS Armboard Pad - with Strap

Reusable arm support pad for use on the CS Universal Arm Support or compatible armboard to provide safe and comfortable positioning for the patient's arm.

- + For use on any standard armboard.
- + Supports patients' arms in a wide range of positions including prone, lateral and supine
- + Padded strap with hook and loop fixings wraps around the patient's arm to hold it in position during the procedure and then around the armboard to secure the pad in place
